ACADEMY

The International Academy of  
Body Contouring and Laser Lipolysis

2<sup>nd</sup> July 2010  
Workshop

Keynote Speaker:  
Mr. Ayham Al-Ayoubi, MD  
Faculty Member

Dear Colleagues,

Thanks to the latest scientific and technological advances, consistent development of innovative laser-assisted lipolysis is leading to improved results. In addition to optimized treatment procedures, there are additional indications which were not achievable years ago. It is vital that users are well trained both in theory and practice in order to face increasing patient demands and achieve optimal results.

Learn more during my first Academy workshop „The Future of Body Contouring“ on 2 July 2010. As one of the first teaching and training centers for the International Academy of Body Contouring and Laser Lipolysis, it is my pleasure to offer this training. With the skills and expertise obtained in this program, you will enhance your practice for the benefit of yourself and your patients.

I am looking forward to welcoming you!

Yours

*Ayham Al-Ayoubi*

#### Registration

Please notice that the number of participants is limited. Acceptance to the workshop is therefore regulated according to the date of registration. If the minimal number of participants of five persons will not be reached four days prior to the workshop, a new date for the workshop will be announced.

#### Cancellation policy

Cancellation must be received in written form ten days prior to the workshop. In case of a written cancellation ten days prior to the workshop 50 % of the registration fee will be refunded. Later cancellations or no-shows do not exempt from the payment obligation.

#### Disclaimer

The International Academy of Body Contouring and Laser Lipolysis and Logi-Vent GmbH act as intermediary and are not responsible or liable for loss, accidents or damages to people or things during the entire event independently of their origin. Any other agreement will only be effective if in writing and signed by both parties. Subject to alterations.
